

Richard C. Saathoff

I was born and have lived in Medina County my entire life. I attended a small country school north of Quihi for my first seven years and later graduated from Hondo High School.

I retired in 2001 from Medina Electric Cooperative, Inc. after 41 years of employment. I also served three years active duty in the United States Army from 1961-1964, with two years overseas. While employed with Medina Electric Cooperative I worked in line construction, material warehouse, the Purchasing Dept. and was Manager of the Accounting Dept. After retirement, I am presently serving my ninth year as a director on the Board for Medina Electric Cooperative. I also serve on the Board of Directors for San Miguel Electric Cooperative.

I have now completed three years as Medina County Commissioner, Precinct 1 and have filed for re-election in 2012. I thoroughly enjoy representing and working for the people of Medina County.
